EXHIBITING AT AN EVENT CAN BE DAUNTING.

Graphics, lighting, technology, schedules, transportation, and you're only one person. The details pile up. With Patriot Exhibit Services at your side, you will be surprised how smooth exhibiting can be. We have over 30 years of experience at our disposal to execute your plans without a hitch.

Unlike specialty vendors who do their job and go home, we work tirelessly to give you peace of mind. Our philosophy has evolved from understanding customers' own personal wishlists and their frustrations with other vendors. They just want someone to care as much as they care. Well, we do.

We offer a broad range of event, exposition, and exhibiting services. We handle moving and transportation, installing and dismantling, storage, (equipment rental) or any combination. Whatever we do, we do end-to-end, so you can concentrate on the subject of your exhibit instead of the details. We have an extensive network of partners, as well, so if you don't see a service you require in this list, please contact us and ask for a quote.

INSTALLATION AND DISMANTLE

Let us do the heavy lifting. Go get a coffee, or stick around and watch us work with startling efficiency.

TRANSPORTATION

Whether you're in-town or out of state, we'll get your exhibit where it needs to be, when it needs to be there.

RENTAL EQUIPMENT

You're going to look great. The equipment we offer will have your customers focused on your message rather than the quality of your exhibit.

STORAGE

Finished your event but don't want to haul equipment, staging materials, and media across the country? We'll store it for you so that it will be safe, clean, and ready to present at future Las Vegas events.
